Knowledge Transfer Partners brings a wide array of business solutions to you. KTP can help with your marketing and client service needs of your organization. Our publication design service can ease your workload and allow you to focus on business at hand. We can train your employees to take over this facet to bring it in-house.

KTP also offers digital photography services. From simple head shots to on-site photo shoots. Casual or posed. Have a project worthy of a picture— let us capture it!

Photos are great to incorporate on your website, brochures, flyers, newsletter and postcards.

KTP Images uses mostly natural light photography to ensure a unique quality.
